Note: The online booking system will only reserve complete rooms. If more than two people are booking together and wish to split the deposit on multiple credit cards, please let them know to call us directly. We are not able to guarantee shared rates if roommates do not book together.

Mar de Jade reservation staff will assist participants in booking their accommodations, while retreat leaders collect their own fees separately.

Rooms are assigned on a first-reserve basis and guests are encouraged to book early for a wider choice of room types and occupancy. Mar de Jade reserves the right to limit single rooms in order to maximize overall occupancy.

Reservations are held with a 50% deposit with a visa or mastercard at the time of booking each room and the balance will be automatically billed to the credit card on file two weeks prior to arrival.
